## QUALIFIED DEFAULT INVESTMENT ALTERNATIVE

When used as a Qualified Default Investment Alternative (QDIA) solution for plan sponsors who must decide to invest a participant's account when no other direction is available or provided, fund options within FACETS Collective Funds may provide a safe harbor under the Pension Protection Act (PPA) to limit liability for plan fiduciaries.

Since the FACETS Collective Funds meet the requirements for QDIA under the PPA, this fund solution can stand alone or dovetail with an existing plan advisor's own fund selection. Additionally, participants and beneficiaries on whose behalf assets are invested in the QDIA have the right to redirect the investment to any other investment alternative under the plan.

The fund will invest in exchange-traded funds and collective investment trusts. To provide liquidity and ease of administration of the Fund, the Trustee requires that the Fund maintain 3% of its assets in cash. As permitted by the Declaration of Trust that governs the Fund, such cash may be invested in a deposit account or other cash vehicle maintained by the Trustee or an affiliate of the Trustee.*
