The performance data quoted represents past performance and does not guarantee future results. Current performance may be lower or higher than the performance data quoted. The investment return and unit value of the CIF will fluctuate, and units may be worth more or less than their original cost when redeemed. Returns for periods less than one year are cumulative. Performance would have been lower if fees and expenses had not been waived in various periods. Total returns assume the reinvestment of all distributions at net asset value and deduction of all CIF expenses. Performance for other unit classes will vary due to differences in class expenses.

[^]Expenses consist of the annual management fee and ordinary operating expenses for this particular unit class of the CIF. Gross expenses are the CIF's total annual operating expenses for the unit class indicated. Net expenses are the CIF's total annual operating expenses for the unit class indicated and reflect fee waivers and/or reimbursements, where these reductions reduce the CIF's gross expenses. Hand Benefits & Trust Company, the CIF's Trustee, has agreed to waive fees and/or reimburse operating expenses so that the CIF's annual net expenses do not exceed the value shown above. These waivers and/or reimbursements may be reduced or terminated at any time.
